

## RAFIK YEZZA

### DISCUSSION C: FINANCIAL INNOVATIONS

#### TOPIC C2: *Emerging challenges for ICSs: has the business changed?*

Rafik Yezza is the Managing Director of the Liechtenstein Deposit Insurance and Investor Compensation Schemes (EAS Liechtenstein) of banks and non-banks since September 2011.

Prior to his appointment as MD of the Liechtenstein DGS/ICS organisation, Rafik has served for four years as lead auditor in the group internal audit department of the

Liechtenstein Landesbank AG, a financial group based in Liechtenstein with subsidiaries in Liechtenstein, Austria and Switzerland in the area of banking services, asset management and investment fund administration. Before that he worked for KPMG Switzerland as auditor in the external audit department in Zurich and St. Gallen.

Rafik holds a degree in business administration (M.A. HSG, University of St. Gallen) and is a Swiss Certified Public Accountant (Swiss CPA). He is providing lectures on deposit insurance and investor compensation at the Liechtenstein University for students in the Executive Master of Laws (LL.M.) programme in Banking and Financial Market Law and is author of various technical papers on DGS/ICS topics.

Rafik is borne in 1976. He is married, lives with his family (2 children) in Switzerland close to the border of Liechtenstein, plays regularly tennis and is treasurer of the local tennis club. Skiing in winter and biking in summer are alternative sports activities. During holidays he likes to read bio's of interesting individuals.
