

STEPHANOS ZISSIS

DISCUSSION A – DIGITALISATION

TOPIC A2: *EU Digital Finance package (incl. MICA and DORA) - a DGS/ICS perspective*

Mr. Stephanos Zissis is the Deputy Head of ICT Risk On-Site Inspections Department at the Bank of Greece. Mr. Zissis benefits from more than 22 years of experience in ICT Risk Supervision with an expertise in the areas of Cybersecurity, Operational Resilience and Outsourcing and has performed numerous on-site ICT Risk inspections for the Bank of Greece and ECB's Single Supervisory Mechanism (SSM) as a Head of Mission. His policy-making experience includes, amongst others, the participation on the drafting teams of EBA's Guidelines on ICT SREP Methodology, Cloud Outsourcing and ICT and Security Risk Management. He is currently acting as a technical consultant to the Greek Ministry of Finance in the Digital Operational Resilience Act (DORA) EU negotiations. He is also representing Bank of Greece in ICT Risk and Cybersecurity Committees and Working Groups of the European Central Bank (ECB), the European Banking Authority (EBA) and the European Systemic Risk Board (ESRB). He holds a Degree in Computer Science and an MSc in Information Systems Engineering from the University of Manchester.
